EDUCATION

BrainStation, Vancouver

Diploma in Web Development

Nov 2020 - Feb 2021

Simon Fraser University, Vancouver

Bachelors in Commerce

Sept 2018 - Aug 2020

EXPERIENCE

Machobear - Client-side Team

Junior Software Developer, Internship

Aug 2021 - Apr 2022

Vancouver, Canada

- 8 month contract internship where I have gained an immense amount of development and teamwork experience. Worked in multiple areas of the company from the in-house product liv. rent to being a key contributor in various products for the client, Concord Pacific.

Project: Swift - Customer Relationship Management (CRM) System

Technologies: React, React-Admin, Redux, Styled Components, Material UI, Yup, i18next and Ramda

- Contributed to the UI/UX overhaul rework of the CRM to enhance Concord's user experience when managing sales
- Delivered major features for client such as password reset functionality and showed effectiveness under time constraints
- Demonstrated product ownership by hosting meetings regarding direction of features and considerations of the client

Project: Concord Sky and Concord Brentwood - Contract Automation

Technologies: Jest, Faker, Test-Data-Bot, Docker, Handlebars, Express, and Ramda

- Effectively test and drove contract automation whilst working under time constraints for Concord's upcoming project launch
- Oversaw 98 condo sales during launch day whilst implementing improvements based on legal team's real-time feedback

Project: Concord Canada House - Landing Website

Technologies: TypeScript, React, Styled Components, Material UI, Redux, i18next and Ramda

- Implemented and delivered a landing site for Concord Canada House's launch event in Toronto
- Collaborated with marketing to build a template for future landing sites and simplify implementation

TECHNICAL SKILLS

Programming languages: TypeScript

Framework/Library: React

Web Technologies: JavaScript, HTML, CSS

Collaborative Tools: GitLab, Git

QUALIFICATIONS

Frontend Experience: Well-versed in website development to provide continuous delivery of technical solutions to meet business needs. Knowledgeable in UI development: styling user interfaces, testing and debugging.

Project Collaboration: In-depth experience with cross-functional collaboration to drive the development of various features for clients. Excels at coordinating with relevant stakeholders to ensure on time and high quality project deliverable.

Key Strengths: Demonstrating product ownership by being goal-driven to deliver end products through outspokenness and technical expertise, always considering the client.
